Suren Khachatryan, CPC

Certified Professional Coder, AAPC

Medical billing and coding expert. Every report Fair Measure delivers is read, corrected and signed by him.

He gives a coding and billing opinion and never a medical one. Whether the documentation supports the level billed is his question. Whether the treatment was necessary is a physician's.

CERTIFICATION

- Certified Professional Coder (CPC), issued by the AAPC. Earned by examination and maintained by continuing education.

AREAS OF WORK

Fee schedules, personal injury reimbursement, expert reports, CPT and ICD-10 coding.

EXPERIENCE

Medical coder and expert report writer

Contract work for an expert report practice · 2023 to present · New Jersey

- Co-author and co-signer of more than 200 medical billing and coding expert reports in personal injury matters.
- Medical records and itemized bills analyzed for the accuracy of the CPT codes billed against the service documented.
- Charges priced against published fee schedules, and reimbursement recommendations prepared under both Medicare and state no-fault rules.

One Link Medical Billing Solutions, LLC

Founder and General Manager · 2022 to present · Saddle Brook, New Jersey

Third-party medical billing company.

- Complete billing and coding for orthopedics, neurosurgery, pain management and gastroenterology practices: coding, claims scrubbing, pre-certification, pre- and post-service appeals, and reimbursement negotiation.
- Reimbursement guidance written for the rules of the state the claim sits in, including New York and New Jersey.
- A coding team trained and kept current on the annual CPT and ICD-10 changes.

Alliance Medibilling

Account representative · 2020 to 2022 · Paramus, New Jersey

- Verified CPT and ICD-10 use for pain management, orthopedic and anesthesia providers.
- Pre-certification and pre-authorization requests, and the appeals that followed them, for surgical procedures.
- Post-service appeals on personal injury protection auto claims, and the negotiation of denied and underpaid claims.

All City Cars, Inc.
Claims analyst · 2016 to 2020 · Brooklyn, New York

- Auto policy and accident information collected to open a claim and file the No-Fault application with the carrier.
- Benefits analyzed and coordinated for payment on No-Fault and personal injury protection claims.
- Worked daily with medical billers and with insurance adjusters, and prepared cases for arbitration and litigation on behalf of medical providers.
- Claim files resolved against the rules of New York no-fault, including the adjustments, code corrections and resubmissions the billing department needed to meet them.

TESTIMONY

None to date. He has not previously been deposed or testified at trial. It is stated here rather than left to be asked. It is also the reason every opinion he signs is written to be checked against the published file it came from rather than defended from the witness box.

Available for deposition and for trial testimony on any report carrying his signature. Testimony is quoted separately from the report fee.
